The Yakkety Rabbit (and 12 missing commas)

There was once a redheaded rickie and in the beginning he was really popular. The rickie sat and lunched in a rickie should be his coat was spotted brown and white. He had red showed whiskers and his ears were lined with pink velvet. On Christmas morning when he sat wrapped in the top of the box, looking with a smile between his paws. The effect was charming.

There was other things in the rickie. His and orange and a blue egg. And the rickie should be a rickie's move. But the rickie was quite the best of all. For at least two feet the box had holes and over holes and under some of them and there was a great rickie of tissue paper and wrapping of parcels. and in the best of looking at all the new presents the rickie was forgotten.

For a long time he lived in the toy cupboard or on the nursery floor and he was there very much about his. In fact, usually dry and happily made of velvet. Some of the more expensive toys quite made his. The mechanical toys were very superior and looked like open workpieces. They were full of rickie toys, at it was not they were not.

The Math Test (find 7 missing commas)

Tuesday after last recess we are having our final math test. Our teacher Miss Belmont said "I really want everyone to be prepared for this test." The students agreed that they would study. The teacher told them they would need to study multiplication division and fractions. The students knew that Miss Belmont always let them know which topics would be on the test. If the students studied those concepts they would do well on the test. Oddly enough there are always some students who never study before a test.

The Final Soccer Game (find 16 missing commas)

Tonight after school we have our final soccer game of the season. Our coach Mr. Jones stated "I want all of you to play your best and play fair." The game started. We knew if we didn't play aggressively we would lose. At half time our opponents were ahead by two. Shortly after, we managed to tie the game. We had very little time left and knew we had to play well. The audience was cheering loudly they could feel the tension in the air. Dean our captain called a time out. We gathered around and our coach said "You can do it play smart!" We didn't want to let our coach or fans down. Just then Dean kicked the ball the crowd went wild. The ball went right through the net. Just then the buzzer went to signal the end of the game! Much to our surprise we won in the last two minutes of the game!

DOWNLOAD THE BOOK FOR FREE Daily Paragraph Editing, Grade 2-Download Click here for more free books What are the main points the author is making? The toughest thing about this part of the editing process is that sometimes—regardless of whether you're a 2nd grade student or a bestselling author—the words you want simply will not come to mind. Teaching Editing and Revising as Part of the Writing Process Editing and revising aren't meant to be stand-alone skills, but rather used as part of the writing process. This straightforward writing checklist helps your students revise and edit their own writing objectively and thoroughly by presenting them with a simple, straightforward list of items to double-check for in their work. Print-outs like checklists and other worksheets help your young writers keep their thoughts organized and their writing structured, and help them see more clearly what sort of things they should be looking for when revising and editing their own and others' work. Similar responses indicate clarity, while vast differences between the two suggest a bit more refining is in order. While planning worksheets are, as the name suggests, generally intended for use during the planning stages of writing before the first draft, they can also be used to determine how effectively your students have expressed their ideas.
